PRIVACY POLICY

At iTech Net Pvt. Ltd., we know you care about how your personal information is used and shared, and we take your privacy seriously. ONLINE FEER System is a Foreign Exchange Encashment Receipt issuing platform that helps you to issue FEERs, payments and maintain balances and create reports to submit Nepal Rastra Bank. ONLINE FEER System is a tool to help you to submit the monthly report to NRB. The system shows reminder when it is time to submit report to NRB. The system respects your information and treats it carefully.

You are responsible for any Content you provide in connection with the Services. We cannot control the actions of anyone with whom you or any other ONLINE FEER System users may choose to share information. Please be aware that no security measures are perfect or impenetrable and that we are not responsible for circumvention of any security measures contained on the Services. ONLINE FEER System does not encourage you to make any personally identifiable information (Personal Information) public other than what is necessary for you to use our Services. You understand and acknowledge that, even after removal, copies of Content may remain viewable in cached pages, archives and storage backups or if other users have copied or stored your Content.

Maintaining the privacy of your Personal Information is a shared responsibility, and while we will limit what we ask for and what we do with your information, we encourage you not to share it unless you need to. Please keep in mind that you are responsible for the content of your account and all your data.

What does this privacy policy cover?

This Privacy Policy explains how ONLINE FEER System collects and uses information from you and other users who access or use the Services, including our treatment of Personal Information.

ONLINE FEER System collects limited Personal Information of your company.

What information does ONLINE FEER System display or collect?

ONLINE FEER System will not display your personal contact information to other users without your permission. The information we gather from users enables us to verify user identity, allows our users to set up a user account and profile through the Services, and helps us personalize and improve our Services. We retain this information to provide the Services to you and our other users and to provide a useful user experience.

Information you provide to us

We receive and store any information you knowingly enter on the Services, whether via mobile phone, other wireless device, or that you provide to us in any other way. This information may include Personal Information such as your name, phone numbers, email addresses and your Company and Company affiliation. We use the Personal Information we receive about you to provide you with the Services and also for purposes such as:

- authenticating your identity, responding to your requests for certain information, customizing the features that we make available to you,
- suggesting relevant services or products for you to use,
- improving the Services and internal operations (including troubleshooting, testing, and analyzing usage),
- communicating with you about new features, and, most importantly, protecting our users and working towards making sure our Services are safer and more secure.

Information collected automatically

We receive and store certain types of information whenever you use the Services. ONLINE FEER System automatically receives and records information on our server. We also may provide to our member concerns aggregate information derived from automatically collected information about how our users, collectively, use our application. We may share this type of identifiable, aggregated statistical data so that iTech Net Pvt. Ltd. concerns understand how often people use their services as well as ONLINE FEER System.

Will ONLINE FEER System share any of the personal information it receives?

ONLINE FEER System relies on its users to provide accurate Personal Information in order to provide our Services. We try our best to protect that information and make sure that we are responsible in handling, disclosing, and retaining your data. We neither rent nor sell your Personal Information to anyone.

Is information about me secure?

The security of personal information of your Company is a top priority for ONLINE FEER System. ONLINE FEER System has protections in place to enhance our user's security, and routinely update these protections. We have administrative, technical, and physical safeguards designed to protect against unauthorized use, disclosure of or access to personal information. In particular:

- Our engineering team is dedicated to keeping your personal information secure.
- ONLINE FEER System stores its data within servers for last 1 year.
- ONLINE FEER System maintain its database and all backups.

ONLINE FEER System endeavors to protect user information and to ensure that user account information is kept private.

The security of your personal information is extremely important to us and we take measures internally to make sure your information is safe with us. We routinely update our security features and implement new protections for your data.

TERMS OF USE

Welcome to ONLINE FEER System. We're glad you're here, but there are some rules you need to agree to before you use our services. These Terms of Service (the "Terms") are a binding contract between you and ONLINE FEER System. You using the Services in any way means that you agree to all of these Terms, and these Terms will remain in effect while you use the Services.

Our Services are constantly changing, to keep up with the dynamic needs of users everywhere - so, these Terms might need to change, too. If they do change, we will do our best to tell you in advance by placing a notification on the ONLINE FEER System. In certain situations (for example, where a change to the Terms is necessary to comply with legal requirements), we may not be able to give you advance notice. ONLINE FEER System takes the privacy of its users very seriously. What are the basics of using ONLINE FEER System? First, you have to fill up a registration form provided by us. Your account will be made accordingly.

Who is responsible for what I see and do on the Services?

Any information or content publicly posted or privately transmitted through the Services is the sole responsibility of the user themselves, and you access all such information and content at your own risk, and we aren't liable for any errors or omissions in that information or content or for any damages or loss you might suffer in connection with it.

We require you to guard your User ID (email address) and Password with the appropriate confidentiality. You are responsible for all Content you contribute, in any manner, to the Services, and you represent and warrant you have all rights necessary to do so, in the manner in which you contribute it.

PRIVACY

We take the privacy of our users very seriously. Another important document to look at is our Privacy Policy, which outlines what personal information ONLINE FEER System collects from you and how we use that information to provide our service.

Registration and security

As a condition to using Services, you are required to register with ONLINE FEER System. You will provide ONLINE FEER System with accurate, complete, and updated registration information.

Consent to receive periodic messages

You acknowledge and consent to receive notifications, messages, SMS and Phone calls from iTech Net about its various products and services.

By signing up for the services, you agree to receive communications from ONLINE FEER System, and you represent and warrant that each person you invite and/or add has consented to receive communications from you and ONLINE FEER System.

Miscellaneous

ONLINE FEER System will not be liable for any failure to perform its obligations hereunder where such failure results from any cause beyond ONLINE FEER System's reasonable control, including, without limitation, mechanical, electronic or communications failure or degradation.

I hereby agree all the terms and conditions
